

NAMPA WINS IN LAST TWO MINUTES OF PLAY

LARGE CROWD SEES BITTEREST FOUGHT FOOTBALL GAME EVER PLAYED ON LOCAL GRID-IRON LAST FRIDAY AFTERNOON

VISITORS GIVEN BIG SURPRISE

Local Line Impenetrable, But Open Field Running and Forward Passing Is Cause of Undoing—Madden Stars for Locals.

With but two minutes left to play and the score 3 to 0 in favor of Ontario, the Nampa School foot ball team opened up a series of forward passes that finally put them in a position from which McKee, left half was able to skirt the end for a touchdown which was followed by a goal giving the visitors the game by a 7 to 3 score.

It was a hard game to lose, but the local boys' and their crowd of rooters had such an afternoon as no Ontario team or no Ontario crowd had experienced in years. The fight that the local team exhibited won for itself a place in the hearts of the crowd and everyone pulled for them to the very end.

Nampa with a bunch of rooters well supplied with green backs reached Ontario during the morning and offered all kinds of odds on the game. They were absolutely confident. They expected to win by an overwhelming score. They thought Ontario would be easy picking and made no bones about saying so. They felt differently however after the game was two minutes old, and then the odds went down.

Ontario Scores First.

The first quarter started with a rush and Nampa discovered immediately that it was in a real foot ball game. Repeated attempts on the part of the Junction city bunch to pierce the local line failed and McKee made first down for Nampa with a 30 yard run around Jack Weaver's end. On the next play Casey of Nampa fumbled and Ontario recovered the ball.

Ontario first tried the Nampa line for no gain. An attempted end run of a double pass resulted in a loss of five yards.

Madden then was given the ball, fumbled it behind the lines, recovered and went forward for seven yards putting the ball on Nampa's 15 yard line from which point on the next play he executed a pretty drop kick sending the oval squarely between the posts well above the bar.

Nampa chose to receive the kick for a second time and on securing the ball in her own territory soon worked it near the Ontario goal by repeated end runs around both Weaver and V. Butler. With the ball 30 yards from the Ontario goal the local team held and recovered the ball on downs, only to lose shortly afterwards on a fumble. Thus the first quarter ended with the ball in Nampa's possession 20 yards from the Ontario goal.

The second period opened with Nampa determined to score. Short end runs brot the ball to Ontario five yard line on first down, and here the first of five brilliantly stubborn defense sessions of the game was shown. Three tries at Ontario's line showed a gain of four yards but on the fourth down Overstreet and Butler broke thru the Nampa line and nailed Casey for a loss. It was Ontario's ball and Madden soon kicked out of immediate danger. Again and again during the second and third quarters Nampa reached easy striking distance of the local goal line and each time failed to have the necessary punch to put the ball across.

When the fourth quarter started it looked like an Ontario victory for the locals again showed some power on attack and took the ball for two first downs only to lose it on a fumble. Nampa then worked the ball to Ontario's ten yard line from which Casey attempted a forward pass which Madden intercepted and carried out to the five yard line. He then booted the ball 35 yards to the middle of the field, and McKee carried it back thirty yards in one of the prettiest runs of the game. With

REQUIEM MASS FOR FR. MORIARITY HELD

Worshipful Throng Gathers at Church of Blessed Sacrament to Pay Honors to Priest & Many Clergymen Present.

Long before the hour set for the celebration of a certain Requiem Mass at the Church of the Blessed Sacrament, Tuesday morning in honor of Rev. Fr. Moriarity, the church was thronged by friends of the departed priest. The breadth of his fellowship was manifested by the presence not only of Catholics from Ontario, Vale, Brogan, Juntura and the upper country, but of many members of other faiths in the community.

Rev. J. H. Maloney of Ontario was celebrant of the Mass, with Revs. Stack and O'Hagan of Vale and Pendleton, respectively, deacon and subdeacon. Rev. E. J. Kelley, chancellor of the Diocese, master of ceremonies, and Rev. Mackey, rector of Baker Cathedral, and Rev. Killion, representing the Irish Capuchins, of Hermiston assisting as acolytes. Revs. Driscoll of LaGrande and O'Connor of Baker were seated within the Sanctuary.

At the conclusion of Mass, Father Driscoll, in terms of feeling and eloquence, spoke of the beautiful character and virtues of the late Father Moriarity, and his power for good. The speaker's pathetic and forceful appeal for prayers for the deceased, were evidence of the deep-seated love of the clergy for their brother priest departed.

The music of the Mass was conducted by the Dominican Sisters, who ably and artistically rendered the solemn chant of the church.

The ministry of the city was well represented in the person of the Rev. Cochran. In addition to local friends there was a large delegation of Irish boys from Vale and Juntura, who would honor their late beloved pastor by their presence.

The entire ceremony and crowd spoke volumes for the love and esteem in which Father Moriarity was held by the clergy and laity alike.

AUTO HITS ENGINE ON RAILROAD CROSSING

Fruitland Families Have Narrow Escape—Car Somewhat Wrecked—Accident Witnessed by Several Persons; Escape Narrow One

Only because of the fact that the engine of the west bound local was moving slowly a fatal accident was averted at the Idaho avenue crossing during the storm Tuesday afternoon when the auto in which Mr. and Mrs. Fred Noyes and Mr. and Mrs. M. Noyes of Fruitland ran into the locomotive.

Two other autos filled with passengers were standing on the street awaiting the passing of the branch line engine which was switching cars on the house track, when the Noyes car started forward as soon as the switch engine got out of the way. The side curtains of the car were up and Mr. Noyes evidently did not see the approaching local on the main line. The front of the auto hit the head end of the engine. The engine was not damaged but the front end of the auto was. The fenders were bent, and so was the axle of the car and one tire was stripped from its rim.

Engineer Rose, who was in charge of the local engine, was able to stop his train within a few feet and the crew went to the assistance of the sufficiently frightened autoists, who were lucky not to have been killed. The damaged car was taken to a local garage for repairs and the Fruitland folks went on to their homes in other cars.

LUEHRS DRUG STORE ENTERED BY ROBBERS

Hop Head Makes Valu Search for Drugs After Jimmying His Way Over Narrow Transom—Loot Is Small Indeed.

Drug fiends evidently in search of cocaine and morphine, robbed the Luehr Drug store some time Tuesday night and got away with a few grains of drugs and some ten or twelve dollars in change. That the robbery was made for the purpose of securing drugs was evident by the manner in which the prescription case was ransacked, and the further fact that the many articles of value might easily have been taken they were undisturbed.

The robbery was discovered by Marshal Farmer about 3:30 a. m. Marshal Farmer found the footprints of a man leading from the back door toward the railroad track and these could be traced as far as the station where the trail ended owing to the presence of many footprints in the snow.

Entrance to the building was secured thru the narrow transom over the front door. A jimmy had been used to open this and the inside brace was broken letting the transom down. After rifling the till, when he found that there was little in the way of dope to be secured the burglar made his getaway via the rear entrance.

The only thing that prevented a serious loss to Mr. Luehrs was the fact that every night all the cocaine, morphine and other valuable drugs are stowed away in the safe. An effort was evidently made to open this but was unsuccessful. No trace of the robber or robbers, has been secured by the authorities.
